

Hindustan Power CSR Department Distributes Desks and Benches in Project-Affected Rural Schools

Jaithari, Anuppur, February 3, 2025: In a significant step towards improving the education infrastructure in project-affected areas, the CSR department of Hindustan Power has provided 750 free desks and benches, benefiting approximately 1,500 to 2,000 students in local schools near the power plant. This initiative aims to create a comfortable and conducive learning environment for students.

On February 3, 2025, a distribution program was organized at Government Middle School, Laharpur. The school's principal, Mr. Deeman Singh, appreciated this initiative and expressed gratitude, highlighting that Hindustan Power's CSR department has consistently supported the education sector.

The Deputy Sarpanch of Laharpur, Mr. Ganesh Rathore, also praised the company's efforts, stating that such contributions bring positive changes to the education of local children. He urged Hindustan Power's management to continue providing essential educational resources in the future.

Kumari Suman Choudhary, a Class 8 student, expressed her happiness, stating that the new desks and benches will allow students to focus better on their studies in a comfortable setting.

During the distribution event, Mr. R.K. Khatana, Head of the Human Resources Department, extended his best wishes to the students for their bright future. The program was conducted under the guidance of Mr. Satyam Salil, Head of the CSR Department.

Hindustan Power's CSR department has been actively contributing to education, healthcare, livelihood, sports, and infrastructure development. Through such initiatives, the department aims to enhance the education system in rural areas, ensuring students have the necessary facilities to build a better and brighter future.
