

Hindustan Power's CSR wing distributes sewing machines to 200 women in a drive to enable sustainable living

21st April, Anupur: As part of its ongoing Corporate Social Responsibility (CSR) efforts, Hindustan Power has taken yet another meaningful step towards empowering women in the communities where it operates. The company recently provided sewing training to nearly 300 women from nearby villages, equipping them with skills to become self-reliant and financially independent.

To celebrate the successful completion of this training, the CSR department organized a special program at the company premises, where 200 trained women were awarded certificates and gifted sewing machines free of cost. The event saw enthusiastic participation from the local community and was a moment of pride and celebration for all involved.

Gracing the occasion were several dignitaries, including Smt. Vidya Singh Gond, Sarpanch of Gram Panchayat Jhaitaal; Shri Rajkumar Singh, Sarpanch of Gram Panchayat Takhoul; and Shri Amar Singh Rathore, Deputy Sarpanch of Gram Panchayat Kyotar. From Hindustan Power, the event was attended by Mr. R.K. Khatana (Head – HR & Admin), Mr. Satyam Salil (CSR Head), Mr. Arvind Singh (Head – Security), and Mr. Gaurav Pathak (Public Relations Officer).

Speaking at the event, Mrs. Roshni Bai, a resident of village Amgawan, expressed her heartfelt appreciation. She said, “This initiative by the company deserves high praise. It has inspired us to become self-reliant. Earlier, even small stitching tasks required help from others, costing us both time and money. Now, we can manage on our own. We are truly grateful to the company for this opportunity.”

Local leaders also lauded the company’s efforts. Smt. Vidya Singh Gond called the initiative a “significant step towards women’s empowerment and self-reliance.” Shri Rajkumar Singh echoed her sentiments, while Shri Amar Singh Rathore highlighted the CSR department’s key role in driving grassroots development. He praised the large-scale sewing machine distribution as a clear example of the company's commitment to community welfare.

Mr. R.K. Khatana emphasized the broader vision behind the initiative, stating, “This program will not only strengthen women economically but also inspire them to lead self-sufficient, dignified lives. Our goal is to enable every woman to earn a respectable livelihood using her skills.”

The event was also attended by Mr. Mehul Chauhan (Project Director) and Ms. Prabhjot Kaur (Project Coordinator) from JISA Institute, who shared their experiences and appreciated the company's tangible contribution to women's empowerment.

Several women trainees shared their personal journeys and extended heartfelt gratitude to Hindustan Power for opening doors to a better future. This initiative is not only transforming lives but is also helping uplift the women of the communities where Hindustan Power operates.
