

### **Ratul Puri – Chairman, Hindustan Power**

Ratul Puri is a prominent leader in the Indian energy sector, currently serving as the Chairman of Hindustan Power. His strategic vision and dynamic leadership have been instrumental in cementing the company's position as a key player in India's integrated energy infrastructure landscape, driving exceptional growth and innovation.

He has successfully forged strategic partnerships with global and domestic investors, enhancing the company's competitive edge in a rapidly evolving market. His deep technological expertise and comprehensive understanding of the energy sector have facilitated the adoption of advanced solutions in the power sector, exemplified by the successful commissioning of one of India's first solar photovoltaic projects, which significantly contributes to India's ambitious goal of achieving 450 GW of renewable energy by 2030.

An alumnus of Carnegie Mellon University, Ratul Puri is actively involved with various think tanks focused on advancing energy sufficiency and sustainability in India. His insights and contributions have earned him recognition as a Young Global Leader by the World Economic Forum, highlighting his influence on the global stage. Additionally, he was identified by Business Today as one of the Top 21 Young Leaders poised to shape India's future. Early in his career, Ratul Puri's significant contributions to the manufacturing industry were acknowledged when he received the Ernst & Young Entrepreneur of the Year award, further establishing his reputation as an innovative and impactful leader in the industry.
